this book provides one of the first interdisciplinary reviews of the relationship between services globalisation and trade liberalisation as we enter the twenty first century written by academics and policymakers it contains a detailed analysis of the characteristics of service trade and of recent and current service trade negotiations

launched and co ordinated by the oecd the international collaborative initiative on trade and employment icite is a two year old joint undertaking of ten international organisations this book brings together some of the results of icite s research

the world trade report 2014 looks at how four recent major economic trends have changed how developing countries can use trade to facilitate their development these trends are the economic rise of developing economies the growing integration of global production through supply chains the higher prices for agricultural goods and natural resources and the increasing interdependence of the world economy the report also looks into what role the wto plays

the editors have succeeded in bringing together an excellent mix of leading scholars and practitioners no book on the wto has had this wide a scope before or covered the legal framework economic and political issues current and would be countries and a outlook to the future like these three volumes do 3000 pages 80 chapters in 3 volumes cover a very interdisciplinary field that touches upon law economics and politics

contains selected papers presented at the inter regional meeting on health and trade issues held in washington dc in november 1999 the principal objective of the meeting was to identify and explore options for co operation between the health service and trade sectors in order to effectively develop health protection and promotion strategies
