based on jessie disney channel s hit live action comedy series this junior novel tells the story of jessie a starry eyed girl from rural texas living in new york city as a nanny to a high profile couple s four children and their seven foot pet lizard mr kipling and her journey to follow her dreams this book includes eight pages of color photos and diary entries from jessie that fans will adore

this major new work fundamentally reassesses the operations by the western allies to deliver war supplies to russia via the arctic sea route between 1941 and 1945 it explores the motives underpinning western aid its real impact on the soviet war effort and its influence on wider allied and german strategy as the war developed it brings to life key participants political and military describes the interaction of intelligence with high policy and tactics and brings a fresh perspective to key events including the notorious convoy pq 17 the book disputes the long standing view that aid to russia was essentially discretionary lacking military rationale and undertaken primarily to meet political objectives with only a minor impact on soviet war potential it shows that aid was always grounded in strategic necessity with the arctic supply route a constant preoccupation of british and american leaders absorbing perhaps twenty per cent of royal navy resources after 1941 and a significant share of allied merchant shipping badly needed in other theaters the soviet claim determinedly promoted through the cold war that aid was marginal still influences attitudes in vladimir putin s russia and contemporary western opinion it even resonates through the

present war in ukraine andrew boyd demonstrates that in reality western aid through the arctic was a critical multiplier of soviet military power throughout the war and perhaps even enabled russia's very survival in 1942 and he makes plain that the british contribution to the aid effort was greater than generally acknowledged the book also emphasises that the arctic conflict was not framed solely by the supply convoys important though they were british german and russian operations in a theater defined by adolph hitler in early 1942 as the zone of destiny were shaped by other perceived opportunities and threats for instance germany concentrated its fleet in norway to forestall a potential british attack while attempting land offensives to cut russia's links with its northern ports it also had vital raw materials to protect britain explored potential operations with russia to dislodge germany from the arctic coast and sever her access to important resources elegantly written written and incorporating many new perspectives on the arctic theater this new work should find a place on the shelves of every historian scholar and enthusiast whose interests extend to the russian dimension of the second world war

includes extra sessions of 1862 1881 1902 and 1912 issued in separate vols

irs insider sandy botkin reveals the tax strategies you can use to increase your rois by as much as 20 percent whether you're a home owner or a real estate investor this accessible guide demystifies real estate taxes and shows how to achieve maximum benefit when buying owning selling managing repairing and investing in properties features numerous forms charts sample documents and other valuable tax saving tools gives you the basics on real estate taxes and shows how to take full advantage of tax loopholes
